Please describe the concern you have

I found our puppy beheaded yesterday morning and the mother dog i don't see around anymore i want you guys to come out so that i can explain to you about who those people are, please help me to put those people in jail as I'm really not myself at all, since Friday they one of our puppies was gone when i came home i don't seem to find the puppy anywhere, and on Monday those naughty kids from Westbank did come here to do us dirty, and beheaded the little puppy head from it's puppy and that's physical abuse, they didn't sleep last night they were burning fire and there was lots of noise and when i did go pee at midnight than i see they still awake and burning fire, and my brother heard whistle noises which was nearby us like he said, so eventually i believe those buys was drunk drugged before they did such act, reason i can say is those boys is because before they came here there were no such thing here as dogs disappearing, yesterday morning i confronted them they didn't speak a word back and i could've seen some of them look drugged i can see it in them eyes they did this cruel act to our dog, all i want is that they must answer me why they did that
