To whom. It may concern, I dearly hope you can advise me on what to do.

So I think they 56 Sarel Cilliers..

The closest we got I think gentleman. Down saiers has a voice recording of him saying he will hurt the cats, then the lady downstairs caught him with a pipe in his hands. But as soon as she made herself known, he hid the pipe behind him. I can try my best to build a catio, my Kiwi is used to going outside to use the toilet, and he doest go near his hose anymore after I rushed him to the vet.

Unfortunately I didn't take Jack jack to the vet, when I looked him over and examined him I saw absolutely no blood anywhwre, not any types of marks to show he was hit by a vehicle. And felt his body, it felt like there was. I broken bones.

All that there was was that his mouth area was wet with his paws.

We just suspect him as we had to rescue Chole when he kicked her in the garage , we called for for hours in and off asking him to open. We eventually just sent my son over the gate and he open the garage and let he out.

Please can you advise on what to do

Regards
Yolandi Janse van Rensburg
