Comments:	Good evening. Could you please check on this dogs chaining? I fear she is no longer on a long chain or runner. She also recently had 10 puppies but ate 1; when I was in the area yesterday I saw her chained up by the gate as opposed to near her kennel, I couldn't see any of her puppies so assume that they remove them when they aren't feeding as they fear she might eat the others - I'm praying she does as that would be a better fate than what awaits them. Thank you Jessica Robertson
