Comments:	I called the complainant to find out if this dog has been seen on the property and she said that she has not seen the dog in a while either. She added that the one dog on the property is locked in the back and the yard is quite dirty. I gave her the whatsapp number to send updated images of how the place looks. I also discussed this case with the Chief and he suggested we get a warrant to enter the property and check what is going on and what happened to the dog.
