Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2025-02-06
Comments:	I have discussed the case with Rudy, and he said, he will discussed the case with the Chief and let me know the way forward. There is a new complaint on this property. However, I feel like the information that we were given is not sufficient, I think the complainant needs to be specific as how many animals are kept at the property, where they hide them animals when the SPCA or Law Enforcement comes. I feel like going to the property without knowing the number of the animals that were seen by the complainant might be pointless and we might fail the complainant as we will only do the inspection on the animals that they will show us.
