Comments:	Upon arrival, myself and Law Enforcement Officer Tariq Albertyn, Michael Alexander and Robert Baker met with Ricardo who also lives kn the property. He said the owner of the dog is not home but he showed us the dog. We saw the adult female dog with 10 puppies. He informed us the puppies are still about a month old and they are still weaning. He said they will be sterilizing the dog, whether if the SPCA can help or they will take the dog to another welfare . He said they will be keeping 2 of the puppies as well. Officer Alexander said that we will check if the SPCA can assist with sterilization and then they can take the rest of the puppies as surrenders as well. He said that will be perfect. We will follow up and check for sterilization within a months time , once the puppies are weaned.
