Follow-Up Date:	2025-02-28
Comments:	This case can't be attended to by the new area inspector because then there would have been 5 inspectors on this case. I need insp DAvids to please attend to this case and even if the owner of the dog is not home then he can still issue a warning for the owner to provide the dog with adequate veterinary care based on the images that we have received from our LE Aux team .
