Comments:	Email responded to by Emma and advised that we re-open this case also to let the same inspectors who dealt with this case previously go back to the property. Good afternoon Amythest Thank you for your email and the update. I reviewed the case and according to the last report the owner had complied and there were no welfare concerns at the time. We have allocated the case for a follow up Inspection to be carried out to ensure compliance and check if there are any signs of the dogs fighting. If you have a recording you are welcome to send this to us. Kind regards Emma
