| Comments:       | I found admission number A53030 for a dog collected by Charles on the 06 December 2024, signed over by Helen Dutlow, who is Brian Dutlow's daughter. However, the address on the admission was recorded wrong as they typed "87 Consielt Road, Retreat" but I think they read or heard it wrong. I checked google maps and the only partial match is "Consort Road" which is the correct address. Unfortunately, I think the case they logged for Charles was lost when WT crashed , however, this admission is in line with what Brian Dutlow from 85 Consort Road, Retreat/ Heathfield told me during my inspection on 06 December 2024. Therefore, this case can be closed. |
