Comments:	feedback provided to compl. who was not happy about the crayfish and wanted to know if the crayfish was sold and what the living conditions were as the tank to her was clean and the crayfish was in a good condition but she mentioned that its illegal to sell crayfish let alone as a pet. she suspects that the rabbits were removed as they could not be sold that quickly as the owner of the shop told her that he is new to the industry and he could not get the rabbits to sell and that his business isnt picking up as he thought it would.
