| Comments:       | andrew ( owner)- 0691245784 called in connection with ntc left at property 21494- the owner will be available next week thursday and he works monday to friday and is off on thursday for the inspector to conduct the inspection he mentioned that the reason for the dog being in the flat is because he is at work during the day and he does not want the dog to run in the road because if the dog runs into the road then SPCA will be on his case about that he said that he does not kbnw what 'shit is this that the inspector left at the property that he must refrain from locking the dog in the flat without fresh air or light' he said his not responding in a nasty way but inspector jeff was there at the property and he corrected what he needed to as the dog has water food and shelter and the dog is not sick or ill and he looks after his dogs. |
