Comments:	Neville Perkin- 0824628771 responded to a ntc 13507 that was left at the property of house number 8 and not 4 on 21/01/2025. he says he doesn't check his mail box ever because of the adverts from pnp that kep getting placed it in- he also mentioned that on the ntc is number 8 and there is celotape on the letter so he thinks that the person of number 4 took the ntc off the garage door and stuck it in his mail box. he said that his dogs are well looked after but the inspector is welcome to give him a call if needed.
