Comments:	Laced returned my call around 09:30 to discuss this matter. She informed me that there is a mom dog with puppies that the owner is hiding away from the inspector? She said the dogs on the property looks hungry and in poor condition. She added that the inspector must hoot and knock on the gate when he gets there but she will also go to the owner today and inform him that the inspector will come to the property tomorrow so he must be there and open up for him.
