Hey there

I have been trying to feed the cat in the picture now for 2 months. I work at the Cape Peninsula University of Technology (CPUT), District 6 campus, which is very close to the Bo Kaap, and this is where this cat is.

The cat is not very wild, but also not tame, and does not really want to come close to me. The cat has now no more teeth, and I don't think it is eating anymore.

It just breaks my heart to see this cat suffer like this every day.

Is there perhaps a way that you can come past the CPUT when your mobile clinic goes to the Bo Kaap on Wednesdays, and I can meet you guys, and we can attempt to euthanise the cat please?

It is just terrible to see this cat suffer every day.

Thank you kindly.
