Street: 76 GOEDEMOED ROAD
Suburb: GOEDEMOED
Postal Code: 7550
Date: 2025-02-14
Time: 20:36
Inspector: JEFFREY MFINI

Type: CASE DISCUSSION NOTE

Follow-Up Date: 2025-02-18

Comments: The called to claim the dogs, then he told to come to the base in order to claim the puppies, he arrived at 14h30, in his arrival, he was walking with a guy who introduced himself as his lawyer.

The owner was issued by LEO Michael Alexander with the compliance notice as follows

Owner was educated about City of Cape Town animal keeping by-laws pertaining to sterilization of dogs over the age of 6 months. Owner acknowledged receipt of the compliance and was given 14 days to comply or apply for city breeding permit.

Will follow up within next 14 days.

Then the meeting with owner and his lawyer continued, the chief inspector Jaco, asked the following questions.

know how old are the puppies, the owner responded by saying, they are 10 weeks old, where is the mother of the puppies, the owner responded by saying the mother of the puppies is at home.

Who docked the tails? The owner acted as if he didn't pay attention to the puppies, he was not sure if they were born with tail docking, he added by saying, he doesn't even check the sexes of the puppy, that surprised us, as registered breeder to say that, then chief inspector Jaco told the owner that, we have to get a specialist, someone who will be able to tell us if the puppies were born with docked tails or they were docked by someone.

Then puppies will be examined by the vet on Monday.
