Subject: Re: CoGH SPCA: insp212141 - Dog at 278 5th Avenue, Lotus River

Good morning,
I hope you are well.

With regards to the dog at 278 5th Avenue, Lotus River - would it be possible for the SPCA to do a welfare check on her please?

The owner has started keeping her locked up at the back, however he let's her out in the evening.

I am continuing to feed her and give her water when she comes out at night.

What has become obvious is that she is not being fed and watered.

She is so thirsty by the time she comes out and hungry.

She is still sleeping completely in the open.

I am grateful that he has started to keep her safer but it hasn't changed the fact that he doesn't give a heck and he is only worried that someone might report him again.

Please help her.

Thank you

Kindest regards

Ruwaida Fernandez
