Subject: Lanes Horse stables

Please can you assist with a concern I have with the above Stables Off Spaanschemat road . Near Pedlars. On numerous very hot days I have counted up to 15 horses the sun with no shade or shelter. The sand paddock is extremely small for the no. of horses. Some display anxiety and are chased around with no where to go. They cant lie down as they will be trampled by others. I always thought that I would need an acre per horse. I do agree that the extent of the Waldorf Property is enormous but these stables only use a small sand paddock.

I have written before concerning this problem but received no reply. Please I am asking you to relieve the stress of these animals.

Kind regards
