Subject: Re: CoGH SPCA:

Good morning trust you are well , It was brought to my attention that someone did come out to inspect the dogs but as per usual these people did not allow them to see the dogs , I need you guys to understand that these dogs have not been eating an even so they will lie an say they do feed them , you guys need to make sure inspection of proof of food is shown to you they also lie saying they cook which is not true they only give whatever scraps of food they may have laying around. Currently the female younger pitbull is so hungry that she even eats her poop. They don't want to let go of the dogs because the son is a druggie an using the dogs for protection. Can you guys come with law enforcement or check you guys system to see that this house has been reported many times. Please do attend to this .

I'd like to remain anonymous but my concern is greatly with these dogs. That are hungry and getting aggressive with tenants due to their hunger.

Regards
