Comments:	We went to the property but only the children were at the house , no adults were there. I called Anieka and asked her if she sent the supporting documents for the permit application but she said she doesn't know what supporting documents needs to be sent. I told her that she must send the documents listed on the application, but also we need to meet her at the property. She said she is only available by latest 17H00 on any day in the week, so we set a date for next week Tuesday at 17H00, pending after hours approval by Chief.
