Comments:	Upon arrival myself and Law Enforcement Officer Tariq Albertyn and Michael Alexander found multiple male persons at the property. We conducted a search of the property and all the people , checking for drugs and weapons. We did also check the living area of the dog in question , and we found it to be in acceptable state so that issue can be closed. However we did observe a new dog on the property, a tan/white Pitbull male dog, fair body condition with access to adequate shelter and potable water. The dog is 5 months old, and was given as a gift from a house in Tynemouth Road. We informed them that once the dog is 6 months old, it needs to be sterilized. We will follow up in a 2 months time to check if it was done.
