Follow-Up Date:	2025-03-20
Comments:	We have not had a response from the SMS sent to the complainant on the 14/03/2025 I called her number from Telviva and it appears that our number has been blocked by Doreen , the complainant. This I noticed was done soon after I left a voice message on her phone, requesting an affidavit with regards to the animals on the property . I called Doreen, from a private number and the phone rang, was not answered but went to voicemail eventually. I'm having doubts that the complainant will give us an affidavit . Waiting for feedback from Supervisor Inspector as to how we are to proceed .
