Comments:	I called Samantha, who is based at Kuils River SAPS. She mentioned that they did a drive through the area and came across several dogs roaming the streets. They attempted to catch the dogs, but the animals ran back onto a property that appeared to be abandoned, although there are people squatting there. I informed her that we visited the property last month and assisted with the sterilization of some of the animals. She expressed concern that the dogs roaming in the street might get knocked over by vehicles.
