Comments:	The respondent made contact with us and provided us with the new address, which is 21 Kunene Street, Brantwood, Kuils River. Upon arrival at the property, we met with the respondent who gave us access to the property. She showed us that there are only 3 dogs left, as they had rehomed the rest of the dogs. We saw the 3 adult female dogs at the property, lives inside the house but has access to the yard and has access to water and adequate shelter. Leasa also informed us that the dog Franckie is the only dog sterilized and the other 2 are not due to their age. As they are only female dogs on the property , We found this acceptable and informed her that due to her reducing the number of dogs under her care and the age of the dogs, we will be closing the matter from our side. Case can be closed ,NFA. Yaaseen Abrahams 2025-03-18 12:48
