Comments:	I went to the Pin location provided, regarding 2 MVA horses on the R 300 just before the Hindle Road offramp. I did not see any horses at the location/Pin location provided I then called the complainant and she explained to me that she was on her way from Gordons Bay, on N2, she took the R300 turn off towards Bellville, and then saw the two horses being struck by cars. She explained that it was just before the Hindle Road off ramp, near to the Bluegum trees. I went to that location but did not see any horses. She mentioned that broken car parts was lying in the road, which I did not see. Area Inspector to keep an eye out for horses in that area, or if the inspector knows of where the horses could be found, to investigate.
