Hi Br Rowan,as per our telephonic conversation, The address of the mentioned home is 19 Sonderend Street Portland..As mother of 4 dogs I'm very concerned about the 2 German Sheperds at the above mentioned address..Those poor dogs has got no shelter laying the scorching sun,with no food or clean water..the dogs are being abused..I read somewhere on a post on Facebook the owners were looking for their dogs who got out..then I saw another post where someone posted the 2 German Shepards who seemed to be lost running in Westridge..not long after the post I saw these dogs at the above mentioned property..it breaks my heart when those poor dogs howling without food or water..I will appreciate it if you remove the dogs so they can be reunited with their owners,so they can be better taken care of.Please do not mention that I have reported to you.My concern is the dogs.Thank you once again.
