Comments:	I went to SPCA hospital to try and find the dog on the system but reception could not . I called the respondent and he informed me that Eric's cousin had brought the dog in but the dog was euthanized as it had killed a dog at the spca. I asked the nurses if they had heard of anything as such but they say they didn't. The dog is also no longer at the property.
Captured By:	I will do a final check at the property next week and then finalize the matter. JULIAN VAN DER ZANDT 2025-04-07 14:37
