Comments: I phoned and spoke to the complainant. The complainant dont stay inside the complex and told me that he can see the the lights of the house in question was last on on Monday morning between 4am and 5am. He stated that since then, the house has been dark and windows has stood open the entire time. He told me that he dont feel comfortable looking over the back fence or letting us look over the back fence for the safety of his family.

I phoned and spoke to the owner. I told him that I need to meet with us as we received a new complaint. He told me that he is not in Cape Town as he left yesterday morning . He told me that he has a friend that come to feed the dog and that he will be back on Friday. He provided me with contact 0652377979, which is for the person who is feeding the dog.

I phoned the number and spoke to Dre. He told me that he feeds the dog at 5:30am before he goes to work. I explained to him that I need to meet with him at the property and he asked that I phone him tomorrow as he will try and leave work early.

I've discussed the case with supervisors, inspector Jason and Werner who agreed that we can follow-up tomorrow on this case
