Comments:	I returned the call of the owner after she had called control. The owner said that she has been sick in bed and not able to come to the SPCA. She also said that she feels that it is best to surrender the remaining dog because she is actually moving to PE and only her son will be in Cape Town . She further admitted that the dog we still have in custody was chained because he constantly jumped over the fence. The call was made at 15:00 to 066 558 5727. I repeated to the owner that the white dog was unfortunately humanely euthanased and she will never see the other dog again. The owner understood and once more said she is surrendering the dog in our custody.
Captured By:	This case can now be closed as there are no other animals on the property, NFA. RUDOLPH PHILANDER 2025-04-02 15:01
