| Time:           | 12:43                                                                                                                                                         |
| Inspector:      | NICOLE VENTER                                                                                                                                                 |
| Type:           | CASE NON-COMPLETION NOTE                                                                                                                                      |
| Follow-Up Date: | 2025-04-10                                                                                                                                                    |
| Comments:       | I have to rearrange my inspections as I will have to go back to Joostenberg Vlake tomorrow. I will attempt this inspection on my way back to base thereafter. |
