Good evening Rudolph

Thank you for your assistance. I am sincerely grateful and hopeful that this will be resolved soon and in the best interest of the dogs in question. Please also be sure to inform the inspector that I am still hearing puppies crying..I have not seen them, and so I have no idea where they are being kept or their condition. My only thought is that the horrific humans doing this are keeping the female and puppies hidden or they remove them from the property when they are informed that a visit from the inspector is forthcoming. This is a very concerning problem as it keeps the animals reportedly being abused sheltered by their abusive“ owners “.
