Comments:	Upon arrival at 25 Sky Road, I met with the property owner, Leeroy, who granted access for an inspection to verify the removal of pigs from the premises. Upon inspection, it was confirmed that the pigs were still on the property. Leeroy stated that he had approached SAPS to obtain an affidavit and had also initiated a petition among nearby residents for permission to keep the pigs at the location. However, he was informed that the relevant by-law prohibits the keeping of 14 pigs on the property. He was advised that the situation could escalate, especially following the issuance of a compliance notice requiring the removal of the pigs within 14 days. Leeroy also mentioned he is open to allowing an animal welfare organization to take custody of the pigs. I informed him that should the matter escalate further, all 14 pigs may be confiscated. Case to be discussed with chief inspector J.Pieterse
