Kindly find feedback regarding case reference number 214221 / 213977: Upon arrival at the property, the owners confirmed that the dog was no longer there and suspected the dog may have been stolen. The chain to which the dog was previously tied was still visible on the property, but there was no sign of the dog. The inspector also engaged with other individuals on the premises, who confirmed the same information. As such, this matter is now closed. Thank you for bringing this matter to our attention.
