I've been told he stays in Portland Mitchell's Plain. 1 person that has confirmed that he has been by this person's home has given a Google maps location but is unsure of the house number. Please see Google maps link below.

I am waiting on one more person for additional information as he has contacts that know this man as well. As soon as I receive the additional information I will share it with you and your team

Kind regards
Ryan Vicars

Hi Ryan

Unfortunately not all the welfare organisations have an inspectorate department that can handle Animal cruelty cases. Please also confirm the area the accused stays in?

Thank you.

I do have confirmation of the road this man lives in, however the person cannot remember the actual house number. Another person has also confirmed that some of their contacts knows this man and they are obtaining more information to pass onto me which I will share with you and your team. Are there any other places I should contact to take this further with the hopes that this man is prosecuted? Additionally maybe reach out to AWS in Phillipi to get more info from them as they have numerous cases which they can share with you.

I think it is important that all shelters and welfares know about this man and to make the public aware of his dodgy business as I would not like to see any other person endure losing a loved one like we have.

Kind regards
Ryan Vicars
