Follow-Up Date:	2025-04-07
Comments:	I went to AWS to get more details, I met with Jacque, who told me that, they took x-rays on the dog after putting the dog down, unfortunately there was no postmortem that was done to the dog. I Requested Jacque to ask the vet that examined the dog to provide me with the vet report, he agreed, we might get it on Monday. I also discussed the case with Chief, we have agreed that the complainant will need to redo the statement. I will follow up on the case on Monday.
