Comments: Good day, I hope you are well.

A few months ago I reported mistreatment / animal abuse in manenburg about some horses. Unfortunately, this is still ongoing. Today the guys have been throwing the horses with stones and chasing them around. I got a clip of this and of another incident which happened on the 22nd April. Those guys were approached, asking them to stop but this keeps happening.

Please have all the animals removed from their ownership whether horses, sheep or any other animal and hold them accountable. Eid ul adha is approaching and they usually slaughter sheep there on the field as well. Please keep a close eye on them. It's inhumane how they scare and treated these animals
