Follow-Up Date:	2025-05-27
Comments:	Upon arrival, myself and Officers Albertyn and Alexander met with Monique Trokis , owner of the animals and who gave us access to the property. She informed us that she did not receive the compliance notice issued previously, however she is not sure if she wants to sterilize. I told her that she will then need to take the fine and rather go explain it in court, or if she does decide to sterilize then she can take the proof to court. I therefore issued a Section 56 notice for failing to ensure the dog over the age of 6 months are sterilized. S306564807014218 We also observed a blue bird in a cage , however the cage was very dirty and the water container was on the floor of the cage and also full of faeces. Officer Alexander therefore issued a compliance notice for deliberately or negligently keeping such animal in a dirty or parasitic conditions, as per the Animals Protection Act 71 of 1962 C129709807060346 Follow up set for two weeks time
