Subject: 69 Gretna Green, Summer Greens..... Wellness check and possible education

Good Morning,

There are 2 dogs on these premises and the one appears quite thin and looks like his ears might have been cropped. If so I do not think that the owners did it but perhaps they know where it was done and SPCA could follow up.

The other one has long hair but also appears a bit on the thin side.

I don't think these owners are irresponsible but perhaps just some education or maybe the dog is ill.

Please can someone do a check.

Many thanks,

Tina
