Subject: Re: Chained up dog

Please note that I had previously reported a concern regarding a skinny, chained-up dog at number 18 Gympie Street in Woodstock. While I understand that you are likely dealing with numerous cases, I wanted to follow up on this report as I haven't received any updates since my initial email.

Furthermore, I regret to inform you that the situation appears to have worsened. I have recently observed that there are now two skinny dogs chained up at the same property. I remain concerned for their well-being, as I still did not notice any readily accessible food or water bowls for them.

I would greatly appreciate it if you could look into this situation. Please let me know if any further information is required from my side.

Kind regards,
Elize

Good day,

There's a skinny chained up dog at nr 18 Gympie Street in Woodstock. I wasn't able to get a photo of the dog but I have included a Google maps pin of the house, as well as a photo I was able to take while driving past. There are to little shelters but I didn't see any water/food bowls.
