CHECKLISTS

General Report Comments: I went to the complainant house who allowed me to check from their prooerty. I saw 2 dogs inside the enclosures ans 1 dog free roaming. I observed that 1 of the dogs (bella)inside the enclosures was chained.

I then went to the property in question and hooted when i arrived but got no response. As i was still standing in front of the property, Gus arrived with a truck. He pulled the truck in front of the gate, got out of the truck and walked into the property. When he came back, the dog in question, named bella was free roaming and walking with him ss he came to the truck and pulled it in. He then came to me and i explained to him that we received another complaint and asked him if he still chain the dog inside the enclosure. His response was no he don't and as i saw on my last inspection, he made the enclosures adequate.

I issued a notice to cpmPLY stating to confine a animal unnecessary is against the law and to chain his dog while she is inside her enclosure is not allowed.

I will follow up with the complainant in 3 weeks time to find out if tge dog get chained inside th3 enclosure again
