General Report Comments: On my arrival, I found the dog at no 10 Reserve Peak Street, the dog was roaming freely inside the property, Sulaiman told me that, he took the dog over to his property after the owners failed to look after the dog.

Then I told him that, he will have to take the dog to the vet as he appeared to be thin, then he decided to hand the dog over to SPCA, when I was about to do the paperwork, Richard Claasen arrived and told me that, he was in hospital, and his family didn't tell him that the SPCA issued warnings to take the dog to the vet.

He told me that, as he back from hospital, he will look after the dog, then I told him that, he need to buy or provide the dog with adequate food, I also told him that, I am going to take the dog in for sterilization, he agreed.

Then we filled the admission form, I think the dog was starved after Richard was admitted at the hospital.

I told him to comply by putting up the fence within 25 days, he responded by saying, he brought a guy who will do the fence for him
