CHECKLISTS

General Report Comments: On my arrival, the owner was not at home, then I decided to call him to find out about the dog, he told me that, he called Mdzananda clinic to let them know about the dog.

According to the owner, he was told to carry on by applying the f10 ointment around the dog private part, the owner claimed that, ever since he applied the ointment, the prolapse is becoming smaller.

He also mentioned that, the dogs are now kept inside while he is building the makeshift shelter.

I think we may do a follow-up inspection on the case on Friday.
