General Report Comments: On my arrival I met with a woman who Introduced herself as Kim Walter's, she allowed me onto the property after I told her the nature of the complaint.

She told me that, she owned one animal which is a puppy, I requested to see the puppy, then she led me to the back of the house, where I have observed a puppy that appeared to be underweight.

There was a broken shelter provided to the puppy, however the owner claimed that the puppy sleeps inside the house, I don't really trust that, as the puppy was outside on my arrival.

There was water and there was chicken, potatoes peels and chicken as the food for the puppy.

I have issued a warning as follows.

1. To provide the pupp with puppy food on a daily basis
2. To provide the puppy with a proper shelter when she is outside of the house within 7 days.
3. To take the puppy to the vet within 72 hours
