CHECKLISTS

General Report Comments: So far all is in order, all the sheep and Goats have been sold, it's only the 35 cattle left that are grazing on the fields in Philipi, the cattle was out grazing in the fields at the time of inspection, the owner informed me his not getting in more sheep or goats as his going for a heart operation next week, he added his also not sure if his going to qurbani this year. I also observed there's another guy that appears to be taking charge of things as they asked me can they call us if they want to slaughter a bull and I told them yes, will have to make regular stops at the farm as they don't have a crush, we will need to pre-stunn. Follow-up next week
