General Report Comments: I met with a woman who identified herself as Orlanda. I introduced myself and stated my reason for being there.
She told me that she got the dog like that a few months ago. Couldn't recall the accurate period of how long she's had dog. She told me that she had CityVet Bothasig examin the dog and was told that it was not broken. But could not produce any proof of that

I observed the dog, it was limping and couldn't bare weight on the left hind foot. The dog has access into their tent, water and a clean living environment.

I issued a warning to take the dog to the vet within 72hrs.
