34. Is slaughterer competent _____
35. If more than 2 strokes – why _____
36. Does dressing of animal take place while life signs still showing _____
37. Is the area used for bleeding cleaned between each animal _____

Comments _____

Upon inspection this morning all was good I spoke to all the guys on handling and how to humanely handle the animals of which all the guys understood, I later returned to the property a few hours later only to find out that they are tying up the sheep before slaughtering, I stopped the entire facility, and forced them to stop, we issued them with a warning and law enforcement issued them with a fine, we will follow-up tomorrow again.
