SPECIES	CATTLE	CALVES	SHEEP	GOATS	EQUINE	PIGS	POULTRY	OTHER
No's	20	0	900	130	9	0	0	0

Warning Issued No Warning Number N/A Follow-up action _____

Which days/times are the best to inspect? Sells animals throughout the year

Comments by Inspector:

Sheik Ibrahim (Son) - Cutting

~~Sheik Zakaria (Son) - Cutting~~

~~08H30 Arriving at Damon farm accompanied by Thembi we were granted access by Sheikh Muhammad who is the owner of the farm.~~

~~Sheikh Muhammad admitted that they will be slaughtering today roughly around 100 goats(Angora and Boer goat) based on the Client's request. In addition, he stated that there would be some that would be sold and he made arrangements with his clients to collect them at different times to avoid chaos.~~

At the main entrance, we observed about Bulls on the left side in an open camp, with no shelter provided exposed to all weather elements and one of the workers was feeding them with a Lucerne, and about 9 horses on the right side also in open camp with no shelter provide exposed to all weather elements. We addressed the concerns we observed and the owner mentioned that he won't be slaughtering bulls in his facility since he does not have the proper equipment to do so and slaughtering a cow requires a lot of manpower he will take the bulls to the back where there is shade and the horses will be let out to graze.

Mr Mohammed started to slaughter his first 5 sheep, while observing the slaughtering I noticed vehicles loading sheep. I was later joined by Inspector Ayanda and Farrent who also raised the concerns of a shelter and the owner requested to be granted an hour to remove them as he was finishing up with slaughtering. The farm was occupied with different farm animals, cattle, Sheep, Goats, and Chickens in different camps, but chickens were freely roaming. A truck arrived with 40 sheep, workers organized a ramp to be used when offloading, but it was not adequate as it was too steep. I suggested that they should at least place 2 pellets to elevate the ramp but it was deemed inadequate inspector Ayanda instructed them to use other options. ...
