| Comments:       | <p>Photos of the two cats received via whatsapp as the respondent works in a call center and only get home after 17h00</p> <p>I think we should rather go to the property to inspect the cats and to find out if the cat with the skin condition has ever been treated and or diagnosed by a Veterinarian . Or they can sign the animal(s) over to us.</p> |
