Comments:	I never got the chance to conduct this inspection as I didn't get to stick to my proposed schedule. Additionally, tomorrow is my last working day and I will not be able to quickly conduct this inspection. The department is currently under a lot of pressure with minimal inspectors and supervisors and this case should not be dumped onto one of the area inspectors as there are already so many urgent cases for them to attend to. Luckily this case was logged as a proactive and there was no complaint received. This case will have to be closed and another proactive inspection logged when the Inspectorate Department gets a new Facilities Inspector. Case closed with NFA.
