Postal Code: 7580
Date: 2025-06-25
Time: 07:41
Inspector: PEACE NOKOLOLO

Type: EMAIL - RECEIVED
Follow-Up Date: 2025-06-25

Comments: THE CASE TO BE RE-OPENED DUE TO ADDITIONAL EVIDENCE RECEIVED:

With the above said. Please see The below email I sent previously in April 2025, this is another dog that resides very close to my current complaint INSP217858 and I am hoping spca can check on both these residences at the same time while you are in the area?

I went to check on this dog now (see attached video). This dog is now thinner than previously in April 2025. And previously this dog was NEVER scared of humans! He always barked aggressively and ran in circles and hair standing up if I came near the residence when I walk my dog or even if I pass with my car and wind my window down, he goes crazy with barking and signs of aggression. You couldn't even get close to the residence, or even look at the residence without the dog going crazy!

I am now very, very concerned that this dog is now possibly being beaten because he is now all of a sudden petrified of people, tail between the legs and not a single bark or sign of aggression whatsoever.

I snuck some food in for him and treats tonight and even when he took the treat, he ran away from me with his tail between his legs. Whereas before I couldn't even get out my car to approach him as he would go crazy.

Residence is 103 Aloe Crescent, Jagtershof, Kuilsriver, 7580.

Please note: the last time you guys went in April. SPCA called me and told me there was no dog at the residence which tells me the owners hid the dog when they got your notice to comply.

Please may I urge you to try have this owner give up his dog.

I don't know what is going on in my neighbourhood but these people should not own animals if they do not treat them like their own.

Kind regards
Ashleigh Thiele
