Comments by Inspector: Sales and Slaughter Summary:

43 sheep sold

14 sheep slaughtered

1 cattle sold

Client Information:

Arum Lilly Farm has many clients from the townships (especially for shisanyama).

Transportation should now be considered a priority on the farm .

Animal Welfare Concerns:

Animals are being tied up and overloaded during transport.

They are only blindfolded, which is not enough.

I raised these concerns, but I was told it's "not their duty."

Farm Operations:

The farm will open tomorrow at 7:00 AM to accommodate early clients.

Clients often slaughter and sell the meat the same day.

Over 100 sheep are still available for sale.

Animals are being provided with enough feed and clean, fresh water daily.
